AND HOW TO USE THIS BOOK.

This book contains the inscriptions, arranged in alphabetical order, on all the gravestones in twelve cemeteries in the southwest quarter of the town of South Kingstown, in the vicinity of Matunuck, Rhode Island.

The names underlined with red indicate gravestones, and each is followed by the entire inscription on that stone. The names in underlined with black are the other names on stones where there are two or more names.

Names mentioned on the stones as parents or husbands of the deceased, but who have no gravestones there, are listed here and marked "Mentioned." They may or may not be buried in that particular cemetery.

Each married woman is listed under her maiden name, if known, as well as under her married name.

The kind of stone, if other than marble or granite, is mentioned, and also the condition, if broken, lying on ground or effaced.

Items in parenthesis are explanations that have been added.

All metal markers of various organizations and flags are noted.

This book contains the investigations, arranged in systematic order, on all the questions in human civilization in the world. It is a summary of the state of knowledge in the history of the world, and is a valuable work for the student of the history of the world.

The book is written in a simple and clear style, and is a valuable work for the student of the history of the world. It is a summary of the state of knowledge in the history of the world, and is a valuable work for the student of the history of the world.

There is a chapter on the history of the world, and a chapter on the history of the world. It is a summary of the state of knowledge in the history of the world, and is a valuable work for the student of the history of the world.

CHAPTER 1. THE HISTORY OF THE UNITED STATES

It is a well known fact that the United States is a young nation, and that its history is a history of progress. The first settlers of the United States were the Pilgrims, who came to the New World in 1620. They were followed by the Puritans, who came to the New World in 1630. The United States has since then grown into a great nation, and its history is a history of progress.
